Afrojack
CEO / Producer

LDH and myself started working together about 8 years ago, my friend Verbal told me about Hiro and showed me some videos of the live production of LDH shows, this really got me thinking about showing that to the rest of the world. Now after two years of getting to know each other, learning about our ways, we finally reached a point where we can take the LDH mindset and spread it across the world, with the most upfront technology, biggest passion for entertainment, and a

life-improving system for participating communities, its time to change the world of entertainment forever.

LDH EUROPE Presents

VOCAL BATTLE AUDITIONS

~ THE GLOBAL STAR SEARCH ~

"I made my dreams come true, so now I want to make dreams for others come true. I really hope that all young people between the ages of 15-25 with passion for singing and rapping sign up for the auditions, so together we can work hard to make their dreams a reality". (Afrojack)
