

Love, Dream, Happiness for ALL

*We will create and deliver entertainment with
Love, Dream and Happiness,
and contribute to a society that enriches one's heart,
creating a future that children can look forward to.*

LDH's core philosophy is "people first".

It all starts with a dreamer,
and place where dreamers exchange and expand new ideas and creations.

Providing a platform where dreamers can dream together creates new places for new dreamers.

That synergy allows those dreams to come life,
and inspires more people to have hope. people to have hope.

Creating that cycle is the ultimate form of LDH entertainment. LDH will continue to pursue the
ultimate form of entertainment with passion, commitment, and compassion.
